

BIOGRAPHY - DIPL. - ING. UDO JUNG

Udo Jung was born in 1966. After graduating from Kassel University in 1990 with a degree in mechanical engineering, he started his professional career in the R&D department of Babcock-BSH AG, based in Bad Hersfeld, Germany. Over the following five years he worked in various positions in the field of clean room components and systems. In 1997, he joined the fans division of TLT-Turbo-Lufttechnik – now TROX X-FANS GmbH, Bad Hersfeld – where he eventually held the position of Managing Director. In that role he was responsible for product development, production, domestic and international sales, and marketing.

In October 2012, TLT-Turbo-Lufttechnik became part of the TROX GROUP. From 2013 onwards, Udo Jung was head of product management and safety-related products and systems of TROX GmbH, Neukirchen-Vluyn.

On 14 September 2015, Udo Jung was appointed CEO of the TROX GROUP and has been responsible for product management, production, sales, and R&D.

An active member of industry associations

Since 1998, Udo Jung has held various positions in the smoke control and fire protection working and expert groups of VDMA, the German Mechanical Engineering Industry Association. He currently heads both working groups and is also the Deputy Chairman of the fire protection working group.
